President's Report

Well here we are again all fired up for another big year at the Collegians.

The year got off to a great start with the opening of The Pavilion in the

College Rose Garden. Thanks go to Bob Hill-Ling for officially opening the pavilion, to Greg Chilman for his superbly made home brew (and to his helpers), and to Simon

Stevens for his great home made plaque which is now

proudly displayed above the entrance to the aforementioned structure.

Congratulations to the students for winning the inaugural Students vs Collegians volleyball challenge. I am sure we will be more competitive next year.

Our big event for the year will be the quiz night which is in its traditional August time slot. This gives plenty of time for all Collegians to organise a table of people for the event. It would be great to see a wider range of Collegians at the quiz night and in fact all of our events, as after all, this organisation is here for all of us.

Any donations for the auction will be gratefully accepted, as this event is our major fundraiser for the year, and significantly contributes to the scholarships that we can offer the current students.

Donations can be sent to or dropped off at College or alternatively you can get in contact with me and I will arrange for any donations to be

Thank You

Mystery Return of the College Photograph which disappeared in 1985!!! Thank you so much to the enigmatic person who in January returned the 1984 photograph after such a long time and so many fruitless efforts to find a replacement.

Speaking of return of photographs, if you lent any material for the History and seek its return, please contact the College office.

Name: Ben Hartley
Position: General Member
Years at St. Ann's: 1994-7
Star Sign: Leo
Favourite band: Radiohead
Favourite drink: Coopers
Favourite saying: "Wouldn't have a clue" (must be a lawyer)
Where has life taken you since you have left college (4 months ago): I will graduate from law this month, and I am currently studying for my GCLP.
Why did you become involved in the Collegians Association? I was the immediate past-President of the College Club, a NAAUC representative in 1995, and was instrumental in establishing SAAUCC, becoming its inaugural President. College has given me a great deal, and I wanted to continue my association so I could give something back.

1998 Collegians' Calendar

Friday 20th March

The Pav Cup

This Cup celebrates the opening of The Pavilion next to the tennis court in the Rose Garden. The sport is volleyball and it is the Collegians vs the students. Unfortunately we lost, so the Cup will sit above High Table until next year.

Friday 1st May

Collegians' Pub Night

This year we move the Pub Night to the newly renovated beer garden of *The British Hotel* in Finnis Street, North Adelaide. The night starts at 6.30 pm and people can drop in for a drink or sample the excellent food there. So if you have been meaning to catch up with your friends from St. Ann's please organise to do so on this night and double the pleasure. You owe it to yourself. Ring Graeme if you want to book for dinner.

Saturday 18th July Nostalgic Film Night

This a new event on our calendar which is aiming to bring in the third and fourth decade Collegians (67 - 86). You are all invited along to watch such classics as *The Blues Brothers*, *Rocky Horror* and any other suggestions people pass our way. It is a BYO cask, esky and softy night, but make sure to bring your bean bags and Fish Nets. Children welcome.

Friday 14th August

Quiz Night

This is the major fund raiser for the year and has been very successful over the past three years. We would like to see a range of the Collegian population represented. The night includes the usual fun games, questions and the Auction.

Monday 19th October Collegians' Port & Chocs

This is our Annual Welcome to those students leaving the College and joining the big bad world out there, so we aim not only to advertise the value of the Collegians' Association but to offer a little advice. An 'illustrious' Collegian comes and gives an address to the students on topics as diverse as "How to get a job" to "A bachelor's guide to cooking your own food". Reminiscing is mandatory.
