President's Report

While Graeme Jackson enjoys the Northern hemisphere summer and takes a break from his Presidential duties, business continues as usual at the Collegians' Association.

On Friday May 1st we had a fantastic turn-out for the Collegians' Pub Night at the British Hotel. Many of us enjoyed a delicious meal in the beer garden before we headed for the much warmer front bar. As expected when Collegians' re-unite, friendly rivalry broke out at the pool table and at the dart board where the "Battle of the Sexes" ensued. The arithmetical skills of the team

members aside, the standard of the competition was surprisingly high and despite one team, whom we won't mention, claiming victory, I personally think a re-match is warranted in 1999! Thanks to everyone who came along and made it such a great night.

On Saturday 18 July we are proud to present the inaugural Nostalgic Film Night - the brainchild of Carolyn Anderson. Carolyn has fond memories of the "Herbert" era of the 80s and it is this generation of Collegians we are targeting for the first of hopefully many such

evenings in the future. Bring along your brown vinyl bean bag, ugg boots, Tee Vee Snacks and (if you have them) kids, and settle down in front of the big screen (kindly supplied by Mr Robert Kennedy) by a roaring fire in the common room. You'll enjoy a fine selection of videos, chosen for your viewing pleasure by the one and only Papa Herbert, Chris Madden.

We promise the entertainment will appeal to all ages. This would also be an excellent opportunity for you to update your wardrobe with a new Collegians' rugby top. So we hope to see many of you there for a

night of good company and great entertainment.

While on the subject of the Nostalgic Film night, we would welcome suggestions for a theme for 1999. If there is a special film that takes you back to your years at St Ann's, then let us know and maybe we can arrange a stroll down memory lane for you!

That's all from me. I hope to see lots of you on July 16.

Lisa Malone 1969 - 1998

Lisa Malone (89) was a Collegian who lost her life tragically earlier this year. This excerpt from The Border Mail celebrates her amazing contribution to human rights both in Australia and internationally.

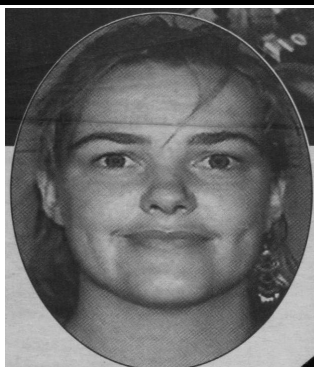

From July 1995 until July 1996 Lisa worked as an Australian Volunteer Abroad in El Salvador.

Lisa worked as a welfare worker with the Flor di Piedra - Flowers from the Stone - an organisation that provided support and education for prostitutes.

While in El Salvador, Lisa found that the women were not responding to the programs she was initially meant to implement. Consequently Lisa adapted her work to better meet the needs of the organisations' members and she devoted a lot of her time to the outreach work.

This involved going to bars and streets where prostitutes worked. Organising weekly discussion groups, HIV/AIDs education of literacy workshops and vocational training.

Before Lisa took up her placement with Australian Volunteers Abroad she had been working as a primary

school teacher and farm worker in Guatemala in 1993 and in 1994 moved to Mexico to take up a position as director of an English School.

She then worked with Flor di Piedra in El Salvador for almost a year in a personal capacity before applying for the Australian Volunteers Abroad Program.

After completion of her work with the Overseas service bureau, Lisa returned to Australia and completed her second University Degree in Social Work at La Trobe Bundoora (her first degree was a Bachelor of Arts from the University of Adelaide (1898 - 1991), She resided at St Ann's in 1989.

Whilst living in Adelaide Lisa had worked with street kids and refugees. Then she returned to Australia to complete her second degree whilst working in the City Mission in

Sunshine, in Melbourne.

On January 1998, Lisa returned to Guatemala and by early February had started working as a United Nations volunteer with the United Nations Human Rights Verification Mission that was set up to help implement the 1996 peace accord in Guatemala.

Lisa was manager of the program's public information and education area and had been asked to speak to the indigenous people of Huehuetenango city about the progress of the peace accord in Guatemala. While flying to the city the helicopter she was travelling in crashed killing Lisa and four other aid workers.

Lisa was presented posthumously with the Guatemala Peace Medal for the humanitarian work done in the country.

Members of the public have been urged

to make a donation so the Lisa Malone Scholarship can become a permanent tribute to a noble woman and the hundreds of Australian volunteers who undertake such wonderful work every year.

Donations may be made to any branch of the Hume Building Society or cheques may be sent to the Lisa Malone Appeal, Hume Building Society, Post Office Box 343, Albury, 2640.
